

- Funding Alert

Graduate Medical Education

The Josiah Macy Jr. Foundation is accepting applications for the [2026 Catalyst Awards for Transformation in Graduate Medical Education](#). The Foundation will provide up to \$100,000 in total support for 18 months to any resident, fellow, and faculty member involved with graduate medical education. The grant period will begin on February 2, 2026, and end on August 1, 2027.

Catalyst Awards support projects that impact the clinical learning environment and improve the experience of residents and fellows in one of the three priority areas supported by the Josiah Macy Jr. Foundation:

- Promoting diversity, equity, and belonging
- Increasing opportunities to learn in and from high-performing interprofessional teams
- Preparing future health professionals to navigate ethical dilemmas

Applications are due on September 17, 2025.

To learn more about the Catalyst Awards, you can [Register](#) to attend an **informational Webinar held on June 11 at 1pm ET.**

For more details and eligibility requirements, see the eligibility and evaluation criteria [Request for Proposals](#) on the Josiah Macy Jr. Foundation website.
